## INFORMATION ABOUT YOUR INSURANCE POLICY

Dear Client

We would like to inform you about the identity of the insurer and the material content of the insurance contract (Art. 3 of the Insurance Contract Act).

### Who is your contracting party?

The insurer is EUROPÄISCHE Reiseversicherungs AG (hereinafter referred to as "ERV"), a stock corporation under Swiss law, with its registered office at St. Alban-Anlage 56, 4002 Basel.

### What risks are covered and what scope does the insurance cover have?

The insurance application, the corresponding General terms and conditions of insurance (GCI) and/or any Special conditions (SC) stipulate the events upon whose occurrence ERV is obliged to make a payment.

### What insurance benefits are paid?

The amount and/or maximum limit and the type of insurance benefits can be gathered from the insurance application, the policy and the corresponding GCI or SC. The same applies to any deductibles or waiting period.

### How high is the premium payable?

The amount of the premium depends on the insurance cover selected and on the insured risks. Details of the premium and the statutory duties and fees (e.g. Swiss Federal stamp duty) can be found in the quote, the insurance application or in the policy and premium note. The premium is generally paid once a year. Other types of payment are possible on request, and may involve a supplement. If the contract is terminated early, ERV reimburses the premium not spent in accordance with the statutory and contractual provisions.

### What other duties do you, as policyholder, and the insured persons have?

The essential duties of the policyholder and the insured persons include the following, for example:

- In the event of a claim, it must be reported to ERV immediately, e.g. using the 24-hour helpline +41 848 801 803.
- The policyholder and insured persons must co-operate in clarifications of ERV, e.g. in clarifications in the event of a claim (obligation to co-operate).
- In the event of a claim, reasonable actions must be taken to mitigate and elucidate loss (duty to mitigate loss).
- If a change in the material circumstances recorded in the insurance application and policy lead to an increase in risk, there is a duty to notify ERV of this without delay (aggravation of risk).

### When does your contract of insurance commence and end?

The contract commences and ends on the date stated in the insurance application and in the policy. If proof of insurance or a provisional cover note was issued, ERV will grant insurance cover from the date specified therein until delivery of the policy. After the expiration of the agreed contract period, the contract will be tacitly renewed for successive terms of 365 days unless one of the contracting parties gives 90 days prior written notice of termination. If the term of the contract is less than 365 days, it terminates on the expiry date stated in the policy.

The contract may, among other things, be terminated prematurely by notice of cancellation:

- following a loss event for which ERV has made payments:
  - by the policyholder within 14 days of being notified of the payment; the insurance cover terminates 14 days after receipt of the notice of cancellation;
  - by ERV at the latest at the time when payment is made; the insurance cover terminates 14 days after receipt of the notice of cancellation;
- in the event of an increase in the premiums or deductible of amendments to the GCI by ERV: by the policyholder at the end of the insurance year, if he does not agree with the revision. Officially prescribed adjustments (such as changes in the premiums, the deductibles, the indemnity limits, the scope of cover or the duties and fees) shall be reserved in the case of cover regulated by law.

### Why is personal data processed, passed on and stored?

#### What personal data is processed?

Data acquisition and processing serves the business of insurance transactions, the marketing, selling, administration, mediation of products and services and risk assessment, as well as the handling of insurance contracts and any secondary business associated with this.

The data is physically and/or electronically acquired, processed, stored and deleted in accordance with the regulations of the legislator. Data which concerns business correspondence must be stored for at least 10 years from contract termination and claims data for at least 10 years after completion of the claim.

In essence, the following data categories are processed: interested parties data, customer data, contract and claims data, health-related data, data from injured parties and claimants as well as collection data.

ERV is authorised to disclose all this data to the extent required to co-insurers and reinsurers, official bodies, insurance companies and institutions, central information systems of the insurance companies, other entities within the group of companies, cooperation partners, hospitals, doctors, external experts and other involved parties in Switzerland and abroad and to obtain information from all of the above. This authorisation includes, in particular, the physical and/or electronic storage of data, the use of the data for determining the premium, assessing risk, processing insured events, combating abuse, preparing statistical evaluations and, within the group of companies, including cooperation partners, also for marketing purposes, including the creation of client profiles for the purpose of offering the applicant individual products.

### What fees are charged?

In the event of reminders and debt enforcement, ERV charges the following fees:

- fee for a statutory reminder CHF 20,
- fee for initiating debt enforcement (plus official enforcement costs and court costs) CHF 50,
- fee for the deletion of a debt enforcement CHF 80 (deletion will only be performed if all outstanding amounts have been settled).

### What else must be observed?

The actual insurance contract remains authoritative in any case.

Use of the male gender to facilitate readability is intended to also refer to the female gender.

In case of doubt about interpretation and content of all documentation, the German version shall prevail.

- C The insurance cover is only valid if the premium is paid within the fifth day following arrival in Switzerland at the very latest. For later arrangements, a medical certificate must be submitted to ERV. ERV is free to reject the application without giving reasons.
- D The starting and expiry dates of the insurance must be shown in the policy. If the actual date of entry is not known when the insurance is arranged, an "approximate date" in the future must be selected as the starting date. The insurance must start within a maximum of one year being arranged.
- E If the effective date of entry is known or is subsequently postponed, the policyholder is required to inform ERV before the start of the insurance by calling telephone number 0900 275 075 (CHF 1.90 per minute, from the fixed-line network) or faxing 058 275 27 42, otherwise a premium is payable for each month or part month.

## 3 SOS PROTECTION FOR UNFORESEEN INCIDENTS DURING THE TRIP

### 3.1 Special provision, scope, policy period

Persons suffering from a chronic illness must arrange for their fitness to travel to be confirmed by a medical certificate, which must then be issued immediately before a travel service is booked. The insurance cover is valid worldwide for the policy period set out in the insurance policy for as long as and as often as the insured is away from his usual place of residence.

### 3.2 Insured events

- A ERV grants insurance protection if the insured person has to discontinue, interrupt or prolong the booked travel service as a consequence of one of the following events:
- a) unforeseen severe illness, severe injury, severe pregnancy complication as well as death
    - of an insured person,
    - of a person travelling with the insured,
    - of a person not travelling with the insured, who is very close to the insured,
    - of the acting representative at the place of work, so that the presence of the insured person at that place is indispensable;
  - b) strikes (except in the case of active participation) on the designated travel route abroad. Unrest of any kind, quarantine, epidemics or acts of God at the travel destination, should the life and property of the insured be at real risk and the continuation of the journey or stay therefore become impossible or unreasonable;
  - c) severe detriment to the insured's property at his place of residence as a consequence of fire, storm, theft or water damage, so that his presence at home is indispensable;
  - d) the breakdown of a booked or used means of public transport caused by a technical defect if on this account the continuation of the journey as scheduled cannot be guaranteed. Delays and detours of the booked or used means of public transport are not deemed to be breakdowns. There is no claim to benefits in the event of breakdowns or accidents with private vehicles which are driven by the insured or used by the insured as a passenger;
  - e) warlike events or acts of terrorism, within the first 14 days of such an event, if these have caught the insured unawares abroad;
  - f) theft of tickets, passport or identity card: only the benefits in par. 3.3 B h) are insured.
- B If the person touching off the discontinuation, interruption or prolongation of

the journey through an insured event is neither related by birth nor marriage to the insured, there is only an entitlement to benefits if the latter would have to continue the journey alone.

- C If an insured person is suffering from a chronic illness, without the travel service seemingly being called into question for that reason at the time when the insurance is taken out or when the booking is made or before the journey is begun, ERV will pay the incurred insured costs if the travel service must be cancelled due to unforeseen severe acute aggravation of the disease or if the person dies as a result of the chronic disease (subject to the provisions of par. 3.1).

### 3.3 Insured benefits

- A The extent of entitlement to benefits is determined by the event causing the travel service to be discontinued, interrupted or prolonged. Previous or subsequent events are not taken into consideration.
- B In case of the occurrence of the insured event ERV will bear
- a) the costs
    - for transfer into the nearest hospital suited for the treatment,
    - of a medically attended emergency transport to the hospital suited for the treatment at the place of residence of the insured.
 Only ERV's doctors decide on the necessity, nature and timing of these benefits;
  - b) the costs of a necessary search and rescue operation up to CHF 10,000 per person if the insured is considered to be lost or must be rescued;
  - c) the organisation and costs of the formalities required by the public authorities if an insured person dies during the travel. In addition, ERV will pay the cost of cremation elsewhere than in the country of residence or the additional costs to comply with the international convention on the transport of corpses (minimum requirements such as a zinc coffin or zinc lining) and repatriation of the coffin or urn to the last place of residence of the insured person;
  - d) the costs of temporary return to the place of residence in an amount of up to CHF 3,000 per person (outward and return journey for a maximum of 2 insured persons) if a stay for a period fixed in advance was booked with a return journey;
  - e) the extra costs of an unscheduled return, and this on the basis 1st class ticket by train and economy class by plane;
  - f) a repayable cost advance up to CHF 5,000 per person if an insured must be hospitalised abroad (repayment within 30 days after the insured person's return home);
  - g) the costs corresponding to the non-used part of the booked travel service (excluding the costs of the originally booked return journey); this benefit is limited to the price of the travel service or the cancellation cost/amount insured stated in the policy and comprises a maximum of CHF 10,000 per person or, in the case of several insured persons, CHF 20,000;
  - h) either the additional costs for continuation of the journey including accommodation, subsistence and communication costs for calls to the ALARM CENTRE (for a maximum of 7 days) in an amount of up to CHF 700 per person, or if a hire car is used up to CHF 1,000, regardless of how many persons use the hire car;
  - i) the travel costs (flight in the economy class/medium-priced hotel) to the sickbed of the insured up to CHF 5,000 per person for 2 persons who are very close to him if he must stay for more than 7 days in a hospital abroad;
  - k) the organisation of the cancellation of mobile phones, credit and debit cards, but not the resulting costs.
- C The decision as to the necessity, nature and timing of these benefits rests with ERV.

### 3.4 Exclusions

- A The insured person must take advantage of the services stipulated in par. 3.3 via the ALARM CENTRE and arrange for such services to be approved in advance by the ALARM CENTRE or ERV. Failing this, the benefits are limited to a maximum of CHF 400 per person and event.
- B Payments are excluded
- a) if the service provider (travel company, hirer, event organiser, etc.) changes or interrupts the agreed service or should have changed or interrupted the service for objective reasons;
  - b) in the event of termination, interruption or extension of the travel in respect of par. 3.2 A a) without medical indication (e.g. if adequate medical care was available locally) or if no physician was consulted locally;
  - c) if the illness/complaint which gave rise to the interruption or prolongation of the journey is a complication or consequence of an operation or medical treatment already planned prior to the commencement of insurance coverage or at the time the booking was made or before the travel service was begun.

### 3.5 Claim

- A In order to be entitled to benefits from ERV, the ALARM CENTRE or ERV must be notified immediately when an insured event occurs.
