## Information for persons insured under collective insurance

The following customer information provides an overview of the identity of the insurer and the material content of the insurance contract. The specific rights and obligations of the eligible persons are set out in the insurance conditions (hereinafter: "IC"), any registration forms and the applicable legal provisions (Swiss Federal Act on Insurance Policies, hereinafter "IPA").

### 1. Contracting parties

Swisscard AECs GmbH, as the issuer (hereinafter "issuer") of charge and credit cards (hereinafter "card(s)"), has concluded a collective agreement relating to insurance benefits (hereinafter "collective insurance agreement") with the insurer specified below that cardholders can benefit from by optionally registering with the collective insurance agreement. Based on the registration with the collective insurance agreement, the insured persons (see section 2) are entitled to certain benefits (see section IV "Special Conditions of Insurance (SCI)") vis-à-vis the insurer, but not vis-à-vis the issuer.

The risk carrier for this insurance is: Helvetia Swiss Insurance Company Ltd, Dufourstrasse 40, 9001 St. Gallen, Switzerland. Responsibility for this insurance lies with: European Travel Insurance ERV (hereinafter the "insurer"), a branch of Helvetia Swiss Insurance Company Ltd domiciled at St. Alban-Anlage 56, P.O. Box, CH-4002 Basel.

In accordance with the insurance conditions, the insurer and the issuer may delegate tasks to service providers ("service providers").

### 2. Eligible person

The insured persons are derived from the definition in the insurance conditions (see section I. C. of the IC)

### 3. Insured risks, scope of insurance cover

The insured risks and the scope of insurance cover (including exclusions from insurance cover) are set out in the insurance conditions, in particular in the overview of insurance benefits (see section II of the IC) in conjunction with the insurance confirmation.

Insurance cover exists only if at least 80% of the purchase price of the item concerned was paid using the valid credit card.

### 4. How is the premium calculated?

The premium is communicated explicitly as part of the process of registering with the collective insurance agreement.

### 5. What type of insurance is it?

Your insurance is generally insurance against loss. Fixed-benefit insurance policies are expressly designated as such in the contract documents (e.g. registration form, GCI).

### 6. What insurance benefits are provided?

The amount and/or maximum limit, type of insurance benefits, as well as any deductibles, can be found in these GCI and SCI.

### 7. What are the duties of the insured persons?

The duties are listed in detail in the insurance conditions as well as in the IPA.

The principal duties of the insured persons include the following:

- If a loss event occurs, it must be reported to the insurer immediately, (see section III, point 3.1).
- The insured persons must cooperate with the insurer to clarify matters, e.g. the circumstances of a claim, and must submit all required documents (obligation to cooperate).
- If a loss event occurs, reasonable actions must be taken to mitigate and elucidate the loss (obligation to mitigate losses).
- The main cardholder is obliged to inform the other insured persons (specifically the additional cardholders), if applicable, of the key points of the insurance cover and their obligations in the case of an insured event as well as the fact that these insurance conditions may be obtained at any time from Swisscard AECs GmbH, Neugasse 18, CH-8810 Horgen, or viewed online at [www.swisscard.ch](http://www.swisscard.ch).

### 8. Term and termination of the insurance and the insurance cover

In principle, the insurance cover exists for as long as the underlying card relationship and the registration with the collective insurance agreement are in effect. Special provisions regarding the duration of insurance cover (depending on the insured risk) can be found in the insurance conditions.

The insurance cover begins on the day agreed by the cardholder with the issuer when registering with the collective insurance agreement. Registration with the collective insurance agreement is valid for one year from the date specified in the insurance confirmation. Once this year ends, registration shall be extended by tacit agreement for a further month in each case unless terminated by the cardholder or issuer by giving 30 days' notice to the end of a month in writing or in some other form capable of serving as textual evidence.

The insurance also covers items purchased no more than six months prior to inception of the insurance, again provided that at least 80% of the purchase price was paid using the card or an additional card and the insured event occurred after the inception of the insurance.

The insurance cover ends in any event on termination of the card relationship in accordance with the issuer's General Conditions of Insurance or on termination of registration with the collective insurance agreement.

However, the insurance cover remains in place for the envisaged duration of the insurance in the case of items purchased using the card during the period of registration with the collective insurance agreement. In the case of individual insurance benefits, the insurance cover may be limited in terms of time. Please note the information in the SCI.

### 9. Acceptance of the insurance conditions

These insurance conditions (IC) are sent to the cardholder on registering with the collective insurance agreement and can be viewed on the issuer's website.

### 10. Change in scope of cover or premiums

The insurer and the issuer may adjust premiums and insurance conditions.

Changes to the premiums, these conditions and/or the sums insured may be agreed by the insurer and the issuer (as policyholder). The main cardholder is informed of them in a timely and appropriate manner. They are deemed to have been approved by the latter unless the insurance cover is terminated at a date prior to the change taking effect. There is no obligation to inform the main cardholder in the event of changes to the conditions that do not have a negative impact on the insured persons.

### 11. When is there a right of cancellation?

The eligible person may cancel their application to conclude the contract or their declaration of acceptance of such contract in writing or in some other form capable of serving as textual evidence. The period of cancellation is 14 days and commences as soon as the eligible person has applied for or accepted the contract. This period is considered to have been met if the eligible person has notified ERV or Swisscard of the cancellation or submitted their notice of cancellation to the postal service on or by the last day of the cancellation period.

### 12. Information on the processing of personal data

The issuer and the insurer process data arising from the contract documents or contract processing and use this in particular to calculate premiums, assess risks, process insurance claims and perform statistical analyses. In addition, the issuer is entitled to use data, in particular from contract documents and contract processing, for marketing purposes. The data is processed, and in particular procured, stored, used, revised, disclosed, archived and destroyed physically or electronically in accordance with the legal provisions. To the extent necessary, the issuer and the insurer may exchange data involved with third parties in Switzerland and abroad involved in contract processing, co-insurers and reinsurers, service providers, as well as Swiss and foreign companies belonging to the insurer, for processing purposes. The issuer and the insurer may also obtain pertinent information, especially on past claims experience, from government offices and other

third parties. This applies independently of the contract entering into force. The eligible person is entitled to request the information specified by law from the issuer and the insurer concerning the processing of the data regarding the eligible

person. The data privacy provisions at [www.erv.ch/datenschutz](http://www.erv.ch/datenschutz) contain further information on the purposes for which personal data is processed by the insurer.

## III. General Conditions of Insurance (GCI)

### 1. When does the insurance cover commence and when does it end?

#### 1.1 Duration of the insurance

The insurance cover begins on the day agreed by the cardholder with the issuer when registering with the collective insurance agreement. Registration with the collective insurance agreement is valid for one year from the date specified in the insurance confirmation. Once this year ends, registration shall be extended by tacit agreement for a further month in each case unless terminated by the cardholder or issuer, by giving 30 days' notice to the end of a month in writing or in some other form capable of serving as textual evidence.

The insurance also covers items purchased no more than six months prior to inception of the insurance, again provided that at least 80% of the purchase price was paid using the card or an additional card and the insured event occurred after the inception of the insurance.

The insurance cover ends in any event on termination of the card relationship in accordance with the issuer's General Conditions of Insurance or on termination of registration with the collective insurance agreement. However, the insurance cover remains in place for the envisaged duration of the insurance in the case of items purchased using the card during the period of registration with the collective insurance agreement. In the case of individual insurance benefits, the insurance cover may be limited in terms of time. Please note the information in the SCL.

#### 1.2 Acceptance of the insurance conditions

These insurance conditions (IC) are sent to the cardholder on registering with the collective insurance agreement and can be viewed on the issuer's website.

### 2. When is insurance cover non-existent or limited?

#### 2.1 Claims against third parties

If the insured person has been indemnified by a liable third party or their insurer, no payment will be made under this contract. If ERV is sued instead of the liable party, the person covered must assign their liability claims up to the amount of the expenses incurred by ERV.

In the case of multiple insurance (voluntary or compulsory insurance) ERV provides its benefits on a subsidiary basis, unless the terms and conditions of insurance of the other insurer likewise contain a subsidiary clause. In this case the statutory provisions for multiple insurance are applicable.

Costs will only be reimbursed, in total, once even where there is multiple insurance with licensed companies.

#### 2.2 General exclusions

The insurer will not provide any benefits

- in the event of damage caused deliberately by the eligible person or their relatives (the following persons are deemed relatives: spouses, partners, children,

parents, siblings and grandparents);

- for damage caused by war, civil unrest, riots, rebellion, revolution, terrorist events or force majeure;
- for damage resulting from nuclear reactions or the effects of radiation;
- for damage to items that were purchased for resale or for commercial/professional use;
- for illegally acquired items.

### 3. What needs to be done when an insured event occurs? (Duties)

The eligible person has the following duties in connection with an insured event:

- An insured event must be reported to the insurer at the ERV claims service, P.O. Box, CH-4002 Basel, phone +41 58 275 27 27, schaden@erv.ch as soon as it is detected.
- If the insured event is imminent or has already occurred, everything must be done before to help avert or mitigate the loss.
- All information that helps elucidate the loss must be provided to the insurer immediately:
  - Information requested;
  - Necessary documents;
  - Confirmation that the eligible person possesses a valid card and at least 80% of the purchase price of the insured item was paid using the card.

### 4. What happens in the event of a failure to comply with the duties?

If the eligible person culpably breaches the duties which they are required to meet and this would increase the benefit to be paid by the insurer, the insurance policy will not cover this increase.

If duties were not met with the intention of preventing the insurer from determining the loss or false information was provided intentionally, the insurer will not be obliged to pay benefits.

### 5. What happens in terms of the payment of benefits?

- The insurer generally pays its benefits in CHF. Foreign currencies are converted at the exchange rate on the day on which these costs were incurred.
- Any benefits unduly received from the insurer must be refunded to it within 30 days, together with any expenses incurred.

### 6. Change in scope of cover or premiums

Changes to the premiums, these conditions and/or the sums insured may be agreed by the insurer and the issuer (as policyholder). The main cardholder is informed of them in a timely and appropriate manner. They are deemed to have been approved

by the latter unless the insurance cover is terminated at a date prior to the change taking effect. There is no obligation to inform the main cardholder in the event of changes to the conditions that do not have a negative impact on the insureds.

**7. When do claims under this agreement lapse?**

Claims lapse five years after the occurrence of an insured event.

**8. Which court is responsible?**

The sole place of jurisdiction for the eligible person is their Swiss domicile or the domicile of the insurer, Basel.

**9. What law applies?**

This contract is governed by Swiss law. The basis of the contract comprises e.g. the customer information, the General Conditions of Insurance, further Special Conditions or supplementary conditions if applicable, and the declaration of registration. In all other respects, the Swiss Federal Act on Insurance Policies applies.

**10. What about the assignment of claims and limitation of liability?**

When ERV pays the claim, the eligible person shall assign their claim resulting from the insurance contract as an automatic lump sum to ERV.

ERV only provides insurance cover and is only liable for claims or other benefits insofar as they do not conflict with sanctions or constitute a breach of sanctions under UN resolutions and do not breach trade or economic sanctions imposed by Switzerland, the European Union, the United Kingdom or the United States of America.

**11. What happens in terms of data protection?**

The insurer, issuer and service providers appointed by the aforementioned persons are entitled to exchange, obtain from involved third parties (e.g. the issuer) and

process any data regarding the insured persons that is directly required for registration with the collective insurance, performance of the contract or settlement of claims; the aforementioned parties shall be released from any duty of confidentiality vis-à-vis each other. In particular, the issuer is entitled – for the aforementioned purposes – to disclose the fact that a corresponding card relationship exists between the issuer and the main/additional cardholder. This authorization does not expire upon the death, loss of ability to act or bankruptcy of the main/additional cardholder. The insurer, issuer and service providers appointed by the aforementioned persons in connection with the performance of the contract and settlement of claims are entitled to obtain pertinent information from such third parties as well as inspect official files. The insurer and the issuer undertake (including the obligation to transfer such duty to appointed service providers) to treat information obtained in such manner as strictly confidential. The data are stored physically and/or electronically. Where necessary, data is disclosed to third parties, namely co-insurers, reinsurers and other participating insurers, as well as the service providers and assistance service providers in Switzerland and abroad. In order to enforce recourse claims, data may also be passed on to other liable third parties and their liability insurers. The insurer is entitled to communicate the suspension, amendment or termination of the insurance as well as rejection of a claim for insurance benefits to third parties (specifically relevant authorities, government departments and the issuer) to whom the insurance cover was confirmed.

**12. What else must be observed?**

In cases of doubt about the interpretation and content of all documentation, the German version shall prevail.
